QUESTION #6
 Shall Article V, Section 17, Purchasing, of the Oak Ridge City Charter be amended by deletion of the current language in its entirety and replacement with the following new language for greater clarity? Except for purchases made by the school system under Article VI, Section 15, the city manager shall be responsible for all city purchasing, but may delegate that power and duty to any subordinate. However, the city council shall by ordinance set a dollar limitation on purchases, beyond which purchases must be made by competitive bidding, and bids awarded to the lowest and best responsible bidder. Such purchases must be approved by the city council, and within the limits prescribed by state law, the city shall have the right to reject any and all bids. But where the city manager makes a written recommendation to the city council that it is clearly to the advantage of the city to make purchases by noncompetitive bidding, the council may, by unanimous resolution of those present, authorize the city manager to make the purchase in question without competitive bidding. Agreements entered into by the city including construction work or professional services involving the expenditure of an amount exceeding the limit established by ordinance must be evidenced by a written contract. The council may also authorize city departments or other city agencies to make public improvements, and to perform other city work, without competitive bidding. The city council shall have the authority to adopt other ordinances governing purchases that are not inconsistent with this charter or any state law that applies to the city's purchases.

I, Janice E. McGinnis, Finance Director of the City of Oak Ridge, Tennessee, pursuant to TCA 6-53-105(c) hereby certify that the approval of this amendment to the Oak Ridge City Charter will result in no significant annual increase or decrease in City revenues or costs.
